For 25 years, MSI TEC has been leveraging technology to help our customers increase productivity and lower operating costs. The driving force behind everything we do is to serve our customers and become a partner in your success.

In addition to engineered and custom OEM solutions, we are also the sales and support partner to the most respected brands in automation, robotics, computing and industrial networking. We are your one-stop source for industrial-grade components and hardware with dedicated support before and after the sale.

With MSI TEC, you have an unbiased partner with a wide range of competing vendors, so we can help you find the right solution for your project. As a preferred distributor for leading hardware partners, we serve as an extension of the manufacturer and your single point of contact for pre-sale and post-sale support.

MSI TEC is headquartered in Centennial, Colorado with sales and engineering offices in Arizona, California, Colorado, Idaho and Utah.
